

International Society of Biometeorology

Welcome to CCTR 2021!

March 17-20, 2021, Online

The International Society of Biometeorology (ISB), in collaboration with the Arctic Research Centre at Umeå University (ARCUM), cordially welcomes scholars and practitioners from all around the world to share their most recently completed and ongoing research at [The Sixth International Conference on Climate, Tourism and Recreation – CCTR 2021](#). We invite extended and structured abstracts on topics including but not limited to:

- Climate services/communications/arts and tourism-recreation
- Indigenous knowledge, tourism and climate change
- Last chance tourism from a climate change perspective
- COVID-19, tourism-recreation, and climate-weather
- Touristic and recreational footprints and their mitigation
- Tourism and recreation's resilience, vulnerability and adaptation to climate change
